Commentary

The Fund aims to provide a superior real rate of return, primarily through capital appreciation, by investing in a diversified portfolio of U.S. equities. Normally, at least seventy-five percent of the Fund will be invested in companies which are included in the S&P 500 Index. Security selection will emphasize large companies with prospects for above average earnings growth.

Objectives of the Fund

- Long-term capital growth through investments in U.S. equity securities
- Conforms to investment horizons that are sufficiently distant to tolerate the volatility of the market values

Investment style

Growth at a reasonable price

Performance Data

The returns or performance information shown assume that all income/realized net gains are retained by the segregated fund in the periods shown and are reflected in higher unit values of the segregated fund. The return or performance information do not take into account sales, redemption, distribution or other optional charges or income taxes payable that would have reduced returns or performance. How the segregated fund has performed in the past does not necessarily indicate how it will perform in the future.

Year By Year Returns

This chart shows you the fund's annual performance and how an investment made on January 1 would have changed by December 31.

Past Performance
